

### Great Work Done By Red Cross In State This Year

Drive for Memberships Now Being Conducted Here and Elsewhere

Meeting the calls for relief in California during the past year, the American National Red Cross has distributed flour, cotton clothing, seed for home gardens, and feed for livestock to the estimated value of \$882,205, according to figures announced by A. L. Schaffer, manager of the Pacific branch office in San Francisco.

The record shows 136,041 barrels of flour had been distributed as of October 13, benefiting 141,041 families.

At the same time the California chapters had applied for 1,635,261 yards of cotton cloth to be converted into clothing for men, women and children. The number of families for whom the cloth was requested totaled 124,411.

Families receiving seed for home gardens enabling them to grow vegetables, thereby augmenting food supplies, numbered 740.

Relief operations in the state also included the distribution of 600,000 pounds of cracked wheat as livestock feed in drought affected areas.

Home service, or family relief work, was accorded to 67,756 service and ex-service men and to 17,559 civilian cases.

During the year other regular Red Cross services were carried on through Red Cross chapters which conducted 318 first aid classes, issuing 6,729 first aid certificates.

Life-saving certificates to the number of 4,825 were issued while the enrollment in the swimming campaigns in California numbered 8,818.

Home hygiene classes in the state numbered 337, certificates issued to those completing the course totaling 4,180.

California now has 261,963 Red Cross members, the percentage of membership to population being 4.6 per cent. Mr. Schaffer says the state goal in the annual roll call, November 11-24, is 342,625 members.

National Red Cross expenditures for the fiscal year ended June 30 approximated \$6,506,500 while in addition the 3500 chapters expended approximately \$7,500,000 bringing the total amount for Red Cross relief and service in excess of \$14,000,000.

### New Telephone Directory Soon

November 22 marks the final day for making changes or additions to listings in the harbor district telephone directory which includes the exchanges of San Pedro and Wilmington, Lomita, Torrance and Avalon.

Changes filed with any of the telephone company business offices in these exchanges on or before November 22 will appear in the December directory, according to F. W. Smith, district manager of the Southern California Telephone Company. The new telephone "who's who," scheduled to be delivered about December 19, will have a light gray cover, the appearance of which will be enhanced by the use of a new blend of inks.

### More Funds Granted Unemployed Relief

Allocation of an additional \$3500 to provide gasoline and oil for trucks which are used to gather up surplus food products throughout the county was made by the board of supervisors this week. Supervisor John R. Quinn was of the opinion that the \$10,000 allocated for that purpose several months ago had been well spent, much good had been accomplished, unemployed persons had been kept busy, large amounts of farm products had been gathered and exchanged with other counties, preventing waste, and that no great evils had come to light as yet.

number of 4,825 were issued while the enrollment in the swimming campaigns in California numbered 8,818.

Home hygiene classes in the state numbered 337, certificates issued to those completing the course totaling 4,180.

California now has 261,963 Red Cross members, the percentage of membership to population being 4.6 per cent. Mr. Schaffer says the state goal in the annual roll call, November 11-24, is 342,625 members.

### Annual Exhibit Painters and Sculptors Club

Now On Display At Palos Verdes Estates Art Gallery

First showing of the Painters and Sculptors Club 1932-33 annual travelling exhibit, will be held November 2 to 27 at the Palos Verdes Art Gallery, being sponsored by the Palos Verdes Community Arts Association.

Duncan Gleason, noted California artist who has taken many awards throughout the country, will talk informally on the exhibit on November 13 at 8 p. m.

The exhibition, of oil paintings, water colors and some sculpture represents the work of the following artists:

Clarence W. Aldrich, A. Franz Brassy, Arthur Beaumont, George Barker, Jr., Robert Clunie, Walter L. Cheever, Leland Curtis, Merrell Gage, Duncan Gleason, Alex Ignatieff, Ralph Holmes, C. I. Izant, Stephen Izant, Paul Lauritz, Eugene Morahan, George Wallace Olson, T. H. McElroy, William Henry Price, Stewart Robertson, F. Grayson Sayre, Harry G. Smith, Alanson Spencer, Richard T. Taggart, Jessie W. Watson, Karl Yens and Wm. T. Wilson.

During November the exhibit is open every day but Monday.

### At Warner Bros.

Douglas Fairbanks, Jr., as he appeared in the Russian revolutionary picture, "Scarlet Dawn," which opens next Sunday at Warner Bros. San Pedro Theatre for a three-day run. Nancy Carroll and Lilyan Tashman play leading roles opposite him.

### AT TORRANCE

Ruth Chatterton as Linda in "The Crash," her second starring picture for First National, in which George Brent, her husband, plays the leading male role, coming to the Torrance Theatre, Sunday and Monday, Nov. 13-14.

Mrs. Wall, who is a sister of R. D. Hodges, returned to her home here this week from an extended visit at Ontario, Canada.

### Opens Armistice Day Matinee

Richard Barthelmess, First National star whose latest dramatic success, "The Cabin in the Cotton," is hailed as his finest achievement since "Tolable David." The picture, a dramatic epic of the South, was adapted to the screen by Professor Paul Green, author of last season's stage success, "The House of Connelly," and winner of the Pulitzer award for his play of a few seasons ago, "In Abraham's Bosom." Bette Davis and Dorothy Jordan play the leading feminine roles in "The Cabin in the Cotton," which will be shown this week, Friday and Saturday at the Torrance Theatre.

### New Challenger Takes Up Battle Lost By Lipton

LONDON.—(U.P.)—The romantic sporting struggle waged by the late Sir Thomas Lipton for many years to regain possession of the America's Cup is to be continued by W. L. Stephenson, chairman of Woolworth's Stores in England.

A new "J" type of racing yacht is being built for Stephenson to the design of C. E. Nicholson, who designed Sir Thomas Lipton's Shamrock V. Stephenson hopes the vessel will prove good enough to enable him to issue a challenge for the blue ribbon of yacht racing.

"I should be tickled to death to lift the cup Tommy Lipton tried so hard for," he declared, "but there is a lot to be thought of. You cannot just build a yacht and be sure that she will be faster than any other.

"All you can do is to design a boat after consideration of everything which governs sailing, build her, sail her as well as you know how, and hope for the best. That is what I am doing. The designer of my boat knows both the Enterprise and Shamrock V, and he will try to overcome the defects of both.

"My new vessel will be slightly longer on the waterline than the Shamrock V, and that should be an advantage in American waters, where the rollers are longer. Enterprise beat Shamrock in sailing to windward, and that is one of the points which have been kept in mind in the design of the new boat."

### New Orleans Racing Tracks Come to Life

NEW ORLEANS.—(U.P.)—Signs of life have reappeared about two tracks here, marking the approach of the four-month season of winter racing "down the river."

The season will open officially on Thanksgiving Day, November 24, at Jefferson Park. The scene will be shifted to the fair grounds track late in January. Keen competition has sprung up for stable room, with applications from G. V. Whitney, William Ziegler, Jr., Mose Goldblatt, C. H. Knebelkamp, Clyde Phillips and many other well-known turfmen.

### No Allocation From Gasoline Tax Money Yet

Torrance Given \$45,370 In Two Years; None This Year

Torrance has received \$45,370.07 of the county's share of state gasoline tax and motor vehicle license funds during the past five years, according to figures obtained today from Albert L. Ott, superintendent of administration for the county road department.

The county's allocations for five years have been \$13,176,462.63, the balance sheet reveals. A further examination of the balance sheet reveals that Torrance's first allocation was in the fiscal year 1930-31, when \$27,905.48 was apportioned out to the city. Last year another \$17,464.59 was allocated, making the total of \$45,370.07. No allocations have been paid to the city for the present fiscal year.

It was in 1930-31 that the county allocated \$3,796,955, which figure has not yet been surpassed, the records show.

Gardena during the five-year period has received \$2793.20, the report shows. The sum of \$2543.20 was allocated in 1930-31 and another \$250 in the last fiscal year.

The amounts represent the allocations actually paid to the city from the gas and license monies. The supervisors last week, for example, allocated \$106.28 for the improvement of Riverside-Redondo boulevard between Vermont avenue and the west city limits of the city of Gardena, but this is not included in the above figures.

Other cities, some of them comparable to Torrance and Gardena, received the following amounts for five years: Compton, \$39,850.25; Hermosa, \$68,254.32; Manhattan Beach, \$37,337.95; Redondo, \$104,780.18; Inglewood, \$160,919.07; Signal Hill, \$32,824.99.

Dr. and Mrs. W. J. Neelands, accompanied by Mr. and Mrs. Archer Lewis and Mr. and Mrs. C. A. Curtis, were dinner guests of Mr. and Mrs. P. G. Briney at their home at San Pedro Tuesday evening.

It will be found out just which of the students really need positions to help the family out financially, and those are the ones

### Keeping Up With Torrance High

Mr. Corcoran, head of the agricultural department in Los Angeles city school system, gave an interesting talk to the members of the Key Club on Monday, October 31. Mr. Corcoran has spoken at Torrance high before for Mr. Merrill.

The club meetings are really worth while when it is possible to have such well-informed men as the speakers. It gives the members views on nearly every phase of life, for each speaker talks on an entirely different subject.

T. H. S.—has contacted the Los Angeles office and obtained the assistance of the junior employment service in finding a few temporary positions for the Christmas holidays for deserving students.

It will be found out just which of the students really need positions to help the family out financially, and those are the ones

that will be given the jobs providing they are qualified with the ability which is demanded by the work they will do.

The jobs are not those that adults could do; so the students will not be taking them away from an adult who is unemployed. The school will not recommend the job to a student, even if he has given proof of being in need, if it would be taking the job away from an adult in so doing.

Mrs. Estelle Churchill of the junior employment service, who made the contacts, commented upon the fine co-operation of the local merchants.

The merchants of Torrance are very lucky this year in being able to purchase a merchant's season ticket to all the high school sports. Football season is almost over but there are still basketball, baseball and track to come. These last are as interesting and fascinating as football and the games should be attended by the townspeople. Basketball is the next sport and Torrance has a snappy team this year. All the townspeople should just watch their speed.

A football rally was held in the auditorium Wednesday afternoon, November 2. Some of the heartiest yells of a long time were led by Kenny Fess and Eugene Walker. A skit was given by some of the students showing what Torrance was going to do to Banning. Some songs were sung and then the students were excused.

The aud call "pepped up" the students for the game Friday.

Just as a reminder, the game today with South Gate is the last game of the season. The townspeople and merchants had best plan to see the game, for most of the varsity men are seniors and will not be seen in action again on the Torrance football field.

The winter '33 class will have a vesper service instead of the baccalaureate service. This is something that has never been done at Torrance high before, and it will be interesting to have something unusual. Songs will take the place of the sermon and will undoubtedly be sung by the Madrigals.

At the senior class meeting, where they decided on the vesper service, they also arranged for a class day and for announcements which are all to be gotten from the same place.

It was feared at first that the winter class would not be able to have a graduation in the evening

### Relief Association Serves Dinner Friday

Members of the Co-operative Relief Association will serve a substantial menu at Earl's Cafe tomorrow, from 11:30 a. m. to 8 p. m., while the proprietor, C. Earl Conner, takes a holiday. Conner has turned over the restaurant to the association for this one day, and they are inviting all Torrance people to come down and eat with them.

The menu will include vegetable rice, or tomato soup; potato, tomato and lettuce salad; baked ham or beef roast; mashed potatoes, creamed carrots; gravy; apple pie or peach cobbler, with tea, coffee or milk.

All this will be served for 45 cents to adults, 25 cents to children.

### SOCIAL DANCE

Members of the Royal No. 1095 lodge at Lomita are sponsoring a social dance to which the public is invited. The affair will be held at the I. O. O. F. hall on Wednesday evening, November 16. Admission will be 25 cents and sandwiches and coffee will be served to all guests.

because there were so few seniors. But there are 12 now and the graduation will be held in the evening.

The seniors have ordered their sweaters and they are to be a royal blue with blue and white emblems. The sweaters are very neat looking. Most of the students are getting coat sweaters. At first it was planned that the boys would have coat sweaters and the girls slipovers, but when the two samples were seen, most of the boys and girls decided on coats. This really shows that they have very good taste.

The widespread influenza epidemic has greatly hindered the success of classes as well as athletics and other activities.

On Monday, October 31, 114 students were absent, and in a school with an enrollment of a little over 600, that is quite a large number to be absent in one day. As for athletics, many of the varsity men have been taken ill and it has been rather hard on the football team.

Jimmy McLean, popular senior, has been ill with appendicitis, and it is feared that he will have to undergo an operation soon.
